Projects

Software Engineering Student

I am a software engineering student seeking a 6-month internship starting in January 2026.

PROFESSIONAL EXPERIENCE

DevOps Internship | 09/2025 – 10/2025

MOONIFY TECH, Monastir, Tunisia

- Developed a GitLab CI/CD pipeline for a containerized Node.js (Express) & MongoDB application.
- Automated build, test, and deployment processes to improve reliability and speed.

Web Development Internship | 07/2023 – 08/2023

Birou-Suite, Tunis,Tunisia

- Developed functions for a Laravel application based on clean architecture principles.
- Contributed to the frontend with modern frameworks such as Vue.js and Ionic, using Figma designs.
- Practiced collaborative development using GitLab for source code management.
- Gained experience working in an agile team environment.

Web Development Internship | 07/2022 – 08/2022

Sloth-Lab, Sousse, Tunisia

- Built and maintained a business administration application using HTML, CSS, Bootstrap, PHP, Livewire, Laravel and MySQL.

EDUCATION

EPI Digital School – Sahloul | 09/2023 – Present
Bachelor's Degree in Software Engineering (Expected 2026)

Higher Institute of Applied Sciences and Technology of Sousse (ESSTHS) | 09/2020 – 07/2023
Bachelor in Computer Science: Software Engineering
